

# Critical Information Summary: Home Saver

## Information about the Service

<b>Service Description</b>	Calls made using the service are connected using an Internet connection rather than the copper phone lines of a Public Switched Telephone Network (PSTN) that a regular landline uses. This is called Voice over IP or VoIP. It allows 2 concurrent calls inbound or outbound to the public phone network via numbers hosted on the MyNetFone Network, as well as access to send SMS.	
<b>Minimum Term(s)</b>	6 Months	No Contract
<b>Offer Includes</b>	<ul style="list-style-type: none"> <li>• Up to 2 concurrent calls</li> <li>• Unlimited calls to local/national</li> <li>• 1 included DID</li> <li>• Free calls between MyNetFone users</li> <li>• Voicemail, Voicemail to Email, Follow Me (as described on the website)</li> <li>• Access to Casual Conference plans</li> <li>• Access to Casual SMS services</li> <li>• Online account management portal access</li> <li>• CLID Over-stamping (Number presented on outbound calls)</li> </ul>	
<b>Offer Excludes</b>	Priority Assistance (For people diagnosed with a life threatening medical condition)	
<b>Offer Conditions</b>	This service is intended for residential use only. This is a prepaid service and you are required to ensure there is credit in your account to use this service. However, this does not mean that if you do not top up your account that it will automatically be cancelled. You will continue to be billed for the Service until you contact us to cancel the service.	
<b>Important Limitations</b>	<p>A monthly call cap of 100 international call attempts has been applied. Both attempted calls and successful calls are counted towards this cap limit. This may be optionally increased or decreased by contacting our Customer Service centre.</p> <p>This service will not work if there is an interruption to your internet connection. That includes dialling emergency numbers; 000.</p> <p>CLID Over-stamping is supported for registered and verified numbers only.</p>	
<b>Important Restrictions</b>	<p>The following cannot be called from this service:</p> <ul style="list-style-type: none"> <li>• Australian Premium Rate Numbers (i.e. 190x)</li> <li>• Some operator assisted numbers and special service numbers</li> <li>• High risk International destinations</li> </ul> <p>Included DIDs may not be exchanged/credited/substituted towards the cost of existing DIDs ported onto the service.</p> <p>The number of concurrent calls that you can use with this service is limited both by the service and by the device that you purchase from MNF. For example, if you purchase a 1 line VoIP device to use with this service, we will provide you with 1 SIP registration. If you later decide that you want a second line, you will need to either purchase another device, or a BYO-1 device, and we will then provide you with a second SIP registration.</p>	
<b>Important Qualifications</b>	To use the service you will need a high speed internet access connection, a modem/router, a VoIP phone adaptor, soft-phone client or an IP Handset. You can either buy them from our online shop or choose the BYO option.	
<b>Important Recommendations</b>	<p>MyNetFone recommends that this service only be used on either a dedicated Internet connection that is capable of supporting the bandwidth required for 2 concurrent calls or that this service uses a MyNetFone provided Internet Connection (billed on the same account) through which we can provide Quality of Service.</p> <p>We do not recommend that this service be used with wireless internet connections.</p>
